- Check and confirm that we carry out your instructions accurately, to enable us to review and improve our services and operations and develop new and changed, services and operations
- Keep the Website and Platform safe and secure
- Contact you if you have chosen to subscribe to our mailing list to receive updates from us

Use of Artificial Intelligence

As part of our internal operations, we use artificial intelligence (AI) services in a secure, private environment provided by **Amazon Bedrock (AWS)**. These services support data processing, content generation, and analysis related to the use of our platform.

We ensure the following:

- **Data privacy by design:** Prompts and outputs processed through the AI are not stored by Amazon Bedrock and are not used to train any models. No data is shared with third parties or used for marketing or profiling.
- **User-specific access:** Any outputs generated from AI are accessible only to the specific user who provided the input.
- **No personal data training:** We do not use personal data to train or fine-tune AI models.
- **Lawful basis:** We rely on legitimate interest as the legal basis for processing this data, limited strictly to the purposes of improving user experience and supporting platform functionality. Where required, we may also ask for your consent.
- **Data minimization and purpose limitation:** Only data necessary for specific, defined purposes is processed, and never beyond the original intent.
- **Security and confidentiality:** All AI processing takes place within our secure infrastructure. Data is encrypted in transit and at rest. We use Amazon Web Services

(AWS) located in the EU, and manage encryption keys through AWS Key Management Service (KMS).

- **Transparency and accountability:** We maintain internal logs of AI usage via AWS CloudWatch and CloudTrail to monitor compliance and security.

This use of AI complies with the EU General Data Protection Regulation (GDPR), particularly Articles 5 (principles), 6 (lawful basis), 25 (data protection by design), and 32 (security of processing).

If you have questions about how AI is used or wish to object to this processing, please contact us at support@foundgood.org.

How Do We Store Your Data?

Foundgood securely stores your data at Amazon Web Services, EU and Salesforce lmtd., UK.

Foundgood will keep grant data for as long as required by the granting foundation. As a grantee, please contact your funding organization to understand how long time this is as it may vary from funder to funder. Once this time has expired, we will delete your data.

Please note that personal data can be held in a non-anonymised form for a period of up to 12 months following closure of your account/erase of your personal data as part of our regular system backup schedule.

What Are Your Data Protection Rights?

Foundgood would like to make sure you are fully aware of all your data protection rights. Every user is entitled to the following:

The right to access – You have the right to request Foundgood for copies of your personal data. You can be charged a small fee for this service.

The right to rectification – You have the right to request that Foundgood correct any information you believe is inaccurate. You also have the right to request Foundgood to complete the information you believe is incomplete.

The right to erasure – You have the right to request that Foundgood erase your personal data. You can be charged a small fee for this service.

The right to restrict processing – You have the right to request that Foundgood restrict the processing of your personal data.

The right to object to processing – You have the right to object to Foundgood's processing of your personal data

The right to data portability – You have the right to request that Foundgood transfer the data that we have collected to another organization, or directly to you. You can be charged a small fee for this service.

If you make a request, we will respond to you without undo delay within reasonable business and commercial requirements. If you would like to exercise any of these rights, please contact us at our email: support@foundgood.org

Cookies

Cookies are text files placed on your computer to collect standard Internet log information and visitor behavior information. When you visit our websites, we may collect information from you automatically through cookies or similar technology.

How Do We Use Cookies?

Foundgood uses cookies in a range of ways to improve your experience on our website, including:

- Keeping you signed in
- Understanding how you use our website

What Types of Cookies Do We Use?

- There are several different types of cookies, however, our website uses only strictly necessary cookies. These are cookies that are required for the operation of the Website. They include, for example, cookies that enable you to log into secure areas of the Website, use a shopping cart or make use of e-billing services.
- We also use Analytical/Performance Cookies. These cookies allow us to recognize and count the number of visitors and to see how visitors move around the Website when they are using it. This helps us to improve the way the Website works, for example, by ensuring that users are finding what they are looking for easily.

How to Manage Cookies

You can set your browser not to accept cookies, and this website (allaboutcookies.org) tells you how to remove cookies from your browser. However, in a few cases, some of our website features may not function as a result.
